📍 Iguig, Cagayan,  
Philippines

## Career Objective

Motivated and creative beginner in web development and multimedia design, skilled in building responsive websites, creating graphics, and producing audio-visual content. Seeking opportunities to apply my skills in real-world projects, collaborate with teams, and grow as a digital creator.

## Projects (Practical Experience)

- **React Responsive Portfolio Website** - Built a responsive website using ReactJS, HTML, CSS, JavaScript, Vite, Node and JSX
- **Audio Visual Presentations** - Produced Audio Visual Presentations during Corporate events and activities using tools such as Adobe Premiere, CapCut, Adobe After Effects, Vegas Pro and other editing tools.
- **Tarpaulin & Graphic Design Collection** - Designed posters and banners for school/corporate events using tools such as Adobe Photoshop, Canva and other editing tools.
